Manufacturing Quality

Michell Instruments Ltd is approved by the British Standards Institute (BSI) to operate the Quality Management System BS EN ISO 9001:2015. Our current ISO 9001:2015 certificate may be viewed on our website: www.michell.com

Michell Instruments Ltd is further approved for the manufacture of products intended for use in explosive atmospheres. In accordance with the EU ATEX Directive, Michell Instruments Ltd holds a QAN (Quality Assurance Notification), and for the IECEx Scheme, QAR (Quality Assurance Report).

Michell Instruments Ltd is a supplier to the nuclear industry and conforms to the requirement of NQSA (Nuclear Quality Standards Association) NSQ100.

At every stage of production Michell Instruments Ltd ensures that through rigorous process controls the materials of construction, workmanship standards, manufacturing techniques, traceability, calibration, test and final inspection procedures meet all the requirements laid down by our quality system approvals.
